Our very own Rob Varkonyi won the Poker World Series held in Las Vegas. His “full house” beat the other player’s “flush” – he emerged as the champion from a competitive field of 631 players.

Congratulations to Rob and Olga.

Technology and Wall Street – May 8th, 2002

The 4th Annual Technology and Wall Street Seminar was a great success with over 200 attendees showing up for the event.

This event focused on outlook and valuation of key technology industries. We look forward to seeing everyone again next year.

This year there were 4 institutional quality speakers that helped to draw the big crowd, including 2 MIT alumni - Barry Newman, vice chairman of Tech Banking at Bear Stearns and Vadim Zlotnikov - investment and technology strategist at Sanford Bernstein.

This event began in 1996 as a joint venture with the MIT Enterprise Forum of NY by Steve Resnick. Steve has been involved every year organizing and moderating the event.
