This roadmap should be viewed as a general guide for structuring your schedule. Actual course taking patterns will vary depending on academic interest and the semester the Course 15 major is begun/declared. Even if you think it is “too late” to declare Course 15, come see us in the Program Office to discuss. We are scheduling ninjas.

Students can take 15.418 if they haven't taken 15.417 or 15.401 provided they have taken or take 15.501 concurrently. Email instructor for permission.

**Notes:**  
\(^1\) Upon request Course 18 will accept either 15.0791 or 15.075 but not both as a Math restricted elective.  
\(^2\) Please note that students can use no more than one subject in their primary major department to fulfill the REST requirement. Course 18 primary majors who take 18.600 rather than 15.0791 will need another non-Course 18 REST. 15.053 (Finance elective) can be used to fulfill the REST requirement.  
\(^3\) Students can choose to take both 15.417 and 15.418. Students who take 15.401 (rather than 15.417) must then take 15.418. Students who take 15.402 (rather than 15.418) must take 15.417. Majors who take only one of 15.417 and 15.418, must take 15.276, 15.279, 15.301, or 15.312 to complete their second CI-M.  
\(^4\) 14.01 is a HASS subject. 15.0111 is not a HASS subject.  
\(^5\) Plan your Math Electives accordingly to include the required Math CI-M subjects.  
\(^6\) Additional elective(s) needed to accrue the 180 units beyond the GIRs.
