

This roadmap is an 'MIT student optimized' guide for structuring your schedule. Course 15 always encourages you to choose courses based upon interest, not by whichever checks off the most boxes. Please read the footnotes for additional options and email ugeducation@sloan.mit.edu or come see us in the Program Office to discuss.

**Roadmap – Course 15-1 (Management) &

Notes:

¹15.312 is no longer being offered. Students who have previously taken 15.312 can substitute this course for 15.301.

²18.05 can fulfill the Probability+Statistics requirement for Course 15 and is a Course 18 Elective. Students can also take 18.600 and 18.650 to fulfill the Probability+Statistics requirement for Course 15 and as Course 18 electives.

³14.01 is a HASS subject. 15.0111 is not a HASS subject. If students take 15.0111, the 9 units will count toward the 180 units beyond GIRs and students will need to take another HASS subject.

⁴Up to two of the Course 18 courses or Course 6 Elective or other non-Course 15 subjects can also count as 15-1 Concentration Electives provided these subjects form an intellectually coherent 15-1 Concentration.

⁵Plan your Course 18 Electives accordingly to fulfill the Course 18 distributed restricted electives and the required Math CI-M subjects.

(continued)

⁸Joint Course 15 HASS subjects (14.45/15.0161J and 14.26/15.039J) can count toward the HASS requirement and also towards the minimum three Course 15 [15-1 Concentration Electives](#) provided these subjects form an intellectually coherent [15-1 Concentration](#).
