

This roadmap is an 'MIT student optimized' guide for structuring your schedule. Course 15 always encourages you to choose courses based upon interest, not by whichever checks off the most boxes. Please read the footnotes for additional options and email ugeducation@sloan.mit.edu or come see us in the Program Office to discuss.

Notes:

¹Students who choose 15-3 as primary major and 14-1 as secondary major can count up to 6 subjects toward both the **Course 14-1 major** and the HASS requirement.

²15.402/15.418 counts toward one of the two Course 15 classes allowed as a **Course 14 Elective**.

³15.401/15.417 counts toward one of the two Course 15 classes allowed as a **Course 14 Elective**. **Course 14 Elective** credit cannot be granted for both 15.401/15.417 and 14.45.

⁴Students can choose to take both 15.417 and 15.418. Students who take 15.401 (rather than 15.417) must then take 15.418. Students who take 15.402 (rather than 15.418) must take 15.417. Majors who take only one of 15.417 and 15.418, must take 15.276 or 15.279 to complete their second CI-M.

⁵15.053 is a 15-3 Restricted Elective can be used to fulfill the REST requirement.

⁶Please check the [Course 14 website](#) for list of subjects that fulfill each requirement bucket. Take note of level, CI-M status, prerequisites and semesters offered.

⁷Depending on the amount of double counting towards major and GIR requirements, additional units will be needed to accrue the 180 units beyond GIRs.
