

# DAVID G. RAND

Sloan School (E-62) Room 539  
100 Main Street, Cambridge MA 02138  
[drand@mit.edu](mailto:drand@mit.edu)

**EDUCATION**            2006-2009    Ph.D., Harvard University, Systems Biology  
                              2000-2004    B.A., Cornell University *summa cum laude*, Computational Biology

**PROFESSIONAL**        *Massachusetts Institute of Technology*  
2021-            Professor of Management Science, Sloan School  
2020-            Research Group Leader, Initiative on the Digital Economy  
2019-            Erwin H. Schell Professorship  
2018-            Associate Professor (tenured) of Management Science, Sloan School  
2018-            Secondary appointment, Department of Brain and Cognitive Sciences  
2018-            Affiliated faculty, Institute for Data, Systems, and Society

*Yale University*

2017-2018      Associate Professor (tenured) – Psychology Department  
2016-2017      Associate Professor (untenured) – Psychology Department  
2013-2016      Assistant Professor – Psychology Department  
2013-2018      Appointment by courtesy, Economics Department  
2013-2018      Appointment by courtesy, School of Management  
2013-2018      Cognitive Science Program  
2013-2018      Institution for Social and Policy Studies  
2013-2018      Yale Institute for Network Science

*Applied Cooperation Team (ACT)*

2013-            Director

*Harvard University*

2012-2013      Postdoctoral Fellow – Psychology Department  
2011            Lecturer – Human Evolutionary Biology Department  
2010-2012      FQEB Prize Fellow – Psychology Department  
2009-2013      Research Scientist – Program for Evolutionary Dynamics  
2009-2011      Fellow – Berkman Center for Internet & Society  
2006-2009      Ph.D. Student – Systems Biology  
  
2004-2006      Mathematical Modeler – Gene Network Sciences, Ithaca NY  
2003-2004      Undergraduate Research Assistant – Psychology, Cornell University  
2002-2004      Undergraduate Research Assistant – Plant Biology, Cornell University

## SELECTED PUBLICATIONS

[\*Equal contribution]

## TEACHING EXPERIENCE

- Spring 2020, 15.847: Consumer behavior. MBA class, MIT Sloan. Student ratings (unofficial, due to COVID-19): mean, 6.1/7; mode 6/7
- Fall 2017, PSYC 162: Evolution of cooperation. Undergraduate class, Yale University. Student ratings: mean, 3.6/5; mode 4/5
- Spring 2017, PSYC 162: Evolution of cooperation. Undergraduate class, Yale University. Student ratings: mean, 4/5; mode 4.5/5
- Spring 2015, PSYC 320/520: Computation Modeling of Social Interaction. Undergraduate/graduate class, Yale University. Student ratings: mean, 4.5/5; mode 5/5
- Fall 2014, PSYC 232L: Research Methods in Social Decision-Making. Undergraduate class, Yale University. Student ratings: mean, 4.2/5; mode 5/5
- Spring 2014, PSYC 232L: Research Methods in Social Decision-Making. Undergraduate class, Yale University. Student ratings: mean, 3.8/5; mode 4/5
- Fall 2011, HEB 1385: The Evolution of Human Cooperation. Undergraduate class, Harvard University. Student ratings: mean 4.9/5; mode 5/5
- Spring 2009, Math 243: Evolutionary Dynamics. Graduate class, [*Teaching fellow*], Harvard University. [Unrated]
- Fall 2008, Math153: Mathematical Biology – Evolutionary Dynamics. Undergraduate class, [*Teaching fellow*], Harvard University. Average student rating 4.4/5.0
- Fall 2007, SB 200: A Systems Approach to Biology. Graduate class, [*Teaching fellow*], Harvard University. Average student rating of 4.9/5.0

## TRAINEES

### *Research scientists*

- Erez Yoeli (Ph.D. Economics, University of Chicago Booth School of Business) 2017 – present; MIT Research Scientist
- Antonio Alonso Arechar (Ph.D. Economics, University of Nottingham), 2014 – present; MIT Research Scientist

### *Post-doctoral supervisees*

- Ashley Blum (Ph.D. Political Science, UCLA) 2022 – present [Jointly advised with Adam Berinsky]
- Brian Guay (Ph.D. Political Science, Duke University) 2021 – 2023; SUNY Stony Brook, assistant professor of Political Science [Jointly advised with Adam Berinsky]
- Hause Lin (Ph.D. Psychology, University of Toronto) 2021 – present [Jointly advised with Gordon Pennycook]
- Ben Tappin (Ph.D. Psychology, University of London) 2019 – present
- Mohsen Mosleh (Ph.D. Systems Engineering, Stevens Institute of Technology) 2017 – 2020; University of Exeter Business School tenure-track Lecturer of Science, Innovation, Technology, and Entrepreneurship
- Rebecca Littman (Ph.D. Psychology, Princeton University) 2017 – 2020; University of Illinois Chicago tenure-track professor of Social Psychology
- Gordon Pennycook (Ph.D. Psychology, University of Waterloo) 2016 – 2017; Cornell University, tenured professor of Social Psychology
- Jonathan Schulz (Ph.D. Economics, University of St. Gallen), 2015 – 2017; George Mason University, tenure-track professor of Economics
- Christina Starman (Ph.D. Psychology, Yale University), 2015 – 2017; University of Toronto tenure-track professor of Developmental Psychology [Jointly advised with Paul Bloom]
- Rimma Teper (Ph.D. Social Psychology, University of Toronto), 2014 – 2015; Research consultant at Idea Couture
- Jeremy Cone (Ph.D. Social Psychology, Cornell University), 2013 – 2015; Williams College tenured professor of Psychology

Alexander Peysakhovich (Ph.D. Economics, Harvard University), 2013 – 2014; Facebook Artificial Intelligence Research

*Ph.D. students*

Reed Orchinik, MIT Sloan. In progress. [Jointly advised with Rahul Bhui]

Jennifer Allen, MIT Sloan. In progress.

Cameron Martel, MIT Sloan. In progress.

Ziv Epstein, MIT Media Lab. In progress. [Jointly advised with Sandy Pentland]

Gordon Kraft-Todd, Yale Psychology. “The diffusion of moral innovations: Cultural learning processes spread novel forms of cooperation.” 2019; Boston College, post-doc.

M. Nicholas Stagnaro, Yale Psychology. “Building a wall around belief: Ideological communities, belief questioning and the suppression of deliberation.” 2018; Stanford University, post-doc.

Jillian J. Jordan, Yale Psychology. “Moralistic punishment as a costly signal of trustworthiness.” 2018; Harvard Business School tenure-track professor of Negotiation, Organizations, and Markets

Adam Bear, Yale Psychology. “The Nature and Limits of Consciousness.” 2018; Harvard University Research Scientist [Jointly advised with Paul Bloom]

Oliver P. Hauser, Harvard Organismic and Evolutionary Biology. “Challenging Cooperation: Inequality, Global Commons, Future Generations.” 2016; University of Exeter Business School Associate Professor of Economics [Jointly advised with Martin Nowak]

Spring 2009; winner of the 2009 Thomas Temple Hoopes prize for excellence in the work of undergraduates. [Advised jointly with Corina Tarnita under supervision of Martin Nowak.]  
Joseph J. Armao, “Evolutionary Game Dynamics, Cooperation, and Costly Punishment”, Harvard Mathematics, Spring 2009 [Advised jointly with Corina Tarnita under supervision of Martin Nowak.]

## HONORS & AWARDS

- 2021 Falling Walls 2021 Breakthrough of the Year Winner, Social Sciences and Humanities
- 2021 Poets&Quants Best 40-Under-40 Business School Professors
- 2020 Early Career Impact Award (Judgment and Decision Making), Federation of Associations in Behavioral and Brain Sciences
- 2020 AMA-EBSCO Responsible Research in Marketing award, for Kraft-Todd et al. “Credibility enhancing displays promote the provision of non-normative public goods”
- 2019 “Cooperation, fast and slow: Meta-analytic evidence for a theory of social heuristics and self-interested deliberation” named by Psychological Science as most cited paper 2016-2019.
- 2017 Poynter Institute International Fact-Checking Network’s *Researcher of the Year* (with Gord Pennycook)
- 2017 Clarivate Analytics 2017 Highly Cited Researchers List – Economics & Business
- 2016 Selected by vote of the graduate student body to be the Social Sciences representative at *Inspiring Yale*
- 2015 International Social Cognition Network’s 2014 Best Social Cognition Paper Award, for Gray et al. “The Emergence of ‘Us and Them’ in 80 Lines of Code: Modeling Group Genesis in Homogeneous Populations”
- 2015 Arthur Greer Memorial Prize for Outstanding Scholarly Publication or Research, Yale University
- 2014 “Risking your life without a second thought: Intuitive decision-making and extreme altruism” selected by UC Berkeley’s Greater Good Science Center as a 2014 Top 10 Insight from the “Science of a Meaningful Life”
- 2014 “Spontaneous giving and calculated greed” featured as a recommended paper by Faculty of 1000
- 2014 Gosnell Prize for Excellence in Political Methodology for best work in political methodology presented at any political science conference during 2013, for Roberts et al. “Structural topic models for open-ended survey responses.”
- 2013 Editor’s Prize: Best article published in the 2011 volumes of *Experimental Economics*, for Horton et al “The Online Laboratory: Conducting Experiments in a Real Labor Market.”
- 2012 “Spontaneous giving and calculated greed” selected by UC Berkeley’s Greater Good Science Center as a 2012 Top 10 Insight from the “Science of a Meaningful Life”
- 2012 Pop!Tech 2012 Science Fellow
- 2012 Wired magazine’s Smart List 2012 of “50 people who will change the world”
- 2011 Harvard University Derek Bok Center Certificate for Distinction in Teaching (Human Evolutionary Biology 1380 Instructor)
- 2010 Best Student Presentation, International Society on Dynamic Games Symposium, Banff CA
- 2009 AAAS/Science Program for Excellence in Science
- 2007 Harvard University Derek Bok Center Certificate for Distinction in Teaching (Systems Biology 200 Teaching Fellow)
- 2007 NSF Graduate Research Fellowship Program

## GRANT SUPPORT

- 2022 Meta 2022 Foundational Integrity Research award. Moshen Mosleh (PI), David Rand (Co-PI).12/21/2022, \$98,838.00.
- 2022 Social Science Research Council’s Mercury Project # 14409, “Building a better toolkit (for fighting misinformation): Large collaborative project to compare misinformation interventions”, Lisa Fazio (PI), David Rand (PI), Steve Lewandowsky (PI), 6/2/2022, \$500,000.
- 2022 Social Science Research Council’s Mercury Project # 14409, “Combating health misinformation with community-crafted messaging: Developing a scalable community-driven approach in Latin America and the United States”, Charles Senteio (PI), David Rand (PI), 6/2/2022, \$500,000.

- 2022 National Science Foundation Award # 2217770, “Using Markets to Address Manipulated Information Online” Marshall Van Alstyne (PI), Nina Mazar (Co-PI), Ran Canetti (Co-PI), Mayank Varia (Co-PI), Gordon Pennycook (Co-PI), David Rand (Co-PI). \$550,000.
- 2022 Google, gift given 11/8/2021, \$60,000.
- 2021 Richard Brudnick, gift given 12/31/2021, \$50,000.
- 2021 Lincoln Laboratory Award Number 7000531720, “Influence quantification”, Dean Eckles (PI), David Rand (Co-PI), 10/1/2021-9/30/2022, \$100,000.
- 2021 Google, gift given 10/29/2021, \$125,000.
- 2021 Facebook, gift given 10/20/2021, \$100,000.
- 2021 Alfred P. Sloan Foundation Grant #2021-16891, “Employing behavioral economics to study why people believe and share misinformation online”, David Rand (PI), Adam Berinsky (PI), Gordon Pennycook (Co-PI), Drazen Prelect (Co-PI). \$244,562
- 2021 John Templeton Foundation Grant #61779: “Metacognition, intellectual humility, and the psychology of belief.” Gordon Pennycook (PI), David Rand (Co-PI). 09/2021 - 08/2024. \$269,715 CAD.
- 2021 Alain Rossmann: “Quantifying the impact of misinformation” Gift given 05/2021, \$350,000
- 2021 National Science Foundation FAIN 2047152: “Promoting Accurate Information on Social Media”, Adam Berinsky (PI), David Rand (Co-PI). 07/2021-06/2023, \$737,381
- 2021 MIT Health Systems Initiative: “Understanding and Reducing Racial Inequity for COVID-19 Vaccination” David Rand (PI), Charles Senteio (PI). 7/1/2021-6/30/2023, \$60,000.
- 2021 MITEI Seed Fund Award: “Increasing Public Support for Scalable Low-Carbon Energy Technologies Using Behavioral Science Insights”, David Rand (PI), Koroush Shirvan (PI), Howard Herzog (PI), Jacopo Buongiorno (PI). 06/01/2021-05/31/2023, \$150,000.
- 2021 Office of Naval Research N00014-21-1-2573: “Improving Group Decision-Making for Contentious Topics.” David Rand (PI). 03/2021-02/2024, \$556,581.46
- 2021 TDF Foundation, gift given 03/2021, \$100,000.
- 2020 MIT Sloan Latin America Office Seed Funds Award, 12/2020, \$15,000.
- 2020 Google: “Research on Accuracy Priming.” David Rand (PI). Gift Given 10/2020. \$147,811.
- 2020 Reset project of Omidyar Group’s Luminate Project Limited. David Rand (PI). Gift given 9/2020. \$150,000.
- 2020 MIT Health Systems Initiative: “Combining machine learning and behavioral insights to provide differentiated digital adherence support” David Rand (PI), Jonas Jonasson (PI), Erez Yoeli (Co-PI). 9/1/2020-6/30/2021, \$60,000.
- 2020 Google: “Cognitive Captcha Research.” David Rand (PI). Gift Given 2/2020. \$100,000.
- 2019 National Science Foundation OAC-1939934: “Collaborative Research: From Brains to Society: Neural Underpinnings of Collective Behaviors Via Massive Data and Experiments.” David Rand (PI). 10/2019-9/2021. \$398,311.

- 2019 William and Flora Hewlett Foundation Grant #2019-9353: “Harnessing the wisdom of the crowd to identify misinformation online.” David Rand (PI). Gift given 7/2019. \$300,000
- 2019 John Templeton Foundation Grant #61061: “Reasoning in moral thought and action.” Liane Young (PI), Fiery Cushman (PI), David Rand (Co-PI), Katherine McAuliffe (Co-PI). 1/2019 – 12/2021. \$2,743,961
- 2018 Ethics and Governance of AI Fund: “Understanding and combating misinformation and fake news online.” Gordon Pennycook (PI), David Rand (PI). 7/2018 – 6/2020. \$275,000
- 2017 DAIS ITA Biennial Program: “Fracture and Formation: Evolutionary and Psychological Modeling of Inter-Group Behavior.” Roger Whittaker (PI), David Rand (Co-PI). 1/2018 – 12/2019. \$359,871
- 2017 Templeton World Charity Foundation: “Co-evolution of cognitive processing, social behavior, and the Environment.” David Rand (PI). 12/2016 – 4/2019. \$193,522
- 2016 DARPA Decision Science Office: “The statistical mechanics of crowds – tools for predictive modeling in the social sciences.” Joshua Plotkin (PI, UPenn), David Rand (Team Lead),... 10/2016 – 2/2020. \$1,144,756.81.
- 2015 Sub-award from “Roybal Center for Social Networks and Well-Being”, National Institute on Aging, National Institutes of Health, awarded the Yale Sociology Department. David Rand (PI on sub-award). 8/2015-5/2016. \$248,079
- 2015 Integrated Philosophy and Science of Self-Control: “Self-Control and Cooperation: Evolutionary, developmental and cross-cultural perspectives.” Yarrow Dunham (PI), David Rand (PI), Eric Mandelbaum (Co-Investigator). 7/2015-6/2017. \$248,079.
- 2015 Templeton Science of Prospection Award: “Promoting cooperation with our future selves.” David Rand (PI). 1/2015-8/2016. \$100,000.
- 2014 Chicago Booth Center for Decision Science New Paths to Purpose Project: “Institutions and purpose: how rules can ‘crowd in’ or ‘crowd out’ a sense of purposeful prosociality.” David Rand (PI) & Alex Peysakhovich (Co-Investigator). 1/2014-6/2015. \$65,550
- 2014 The VIA Institute on Character Strengths: “Developing a Theory of Character Strengths.” David Rand (PI). 1/2014-6/2017. \$91,794.89
- 2012 Foundational Questions in Evolutionary Biology initiative: “The evolution of cognitive complexity.” Joshua Green (PI) & David Rand (Co-Investigator). 10/2012-9/2014. \$159,742
- 2012 John Templeton Foundation: “The evolution of cooperation.” Martin Nowak (PI) & David Rand (Co-Investigator). 1/2013-12/2015. \$1,800,000.
- 2010 Foundational Questions in Evolutionary Biology Prize Post-Doctoral Fellowship. 7/2010-6/2012. \$160,000.
- 2007 National Science Foundation Graduate Research Fellowship Program. 8/2007-5/2010. \$90,000.

## REFEREEING

*Editorial board:* PNAS (ad hoc), Current Opinion in Psychology, Heroism Science

*Reviewer:* Science, Nature, National Science Foundation, PNAS, Nature Comm, Psychological Science, J Experimental Psychology: General, J Personality and Social Psychology, American Economic Review, Quarterly Journal of Economics, Management Science, J Marketing Research, Behavioral and Brain Sciences, Perspectives on Psychological Science, Psychological Review, Current Directions in Psychological Science, Emotion, Organizational Behavior and Human Decision Processes, Proc Royal Society B, J Royal Society Interface, Evolution & Human Behavior, Cognitive Affective and Behavioral Neuroscience, Current Biology, Games and Economic Behavior, J

## PRESENTATIONS/TALKS

### *Keynote addresses, plenary talks, and colloquia*

1. “Understanding and Reducing Online Misinformation Across 16 Countries on Six Continents”, Symposium on Usable Privacy and Security, August 2022
2. “Harnessing Polarization to (Help) Solve the Misinformation Problem”, Aarhus ’22 Conference on Online Hostility and Bystanders, Aarhus University, June 2022
3. “The Psychology of Fake News”, Department of Economics, Monash Business School, May 2022
4. “Understanding and Reducing Online Misinformation Across 16 Countries on Six Continents”, Department of Chemistry, University of Patras, January 2022
5. “Understanding and Combatting COVID-19 Misinformation”, DIA Global Pharmacovigilance and Risk Management Strategies Conference, January 2022
6. “Understanding and reducing misinformation online”, Annenberg School of Communication, University of Pennsylvania, October 2021
7. “Understanding and reducing the spread of misinformation online”, European Group of Public Administration Conference, September 2021
8. “Understanding and reducing the spread of misinformation online”, Information Credibility & Alternative Realities in Troubled Democracies Workshop, International Conference on Web and Social Media, June 2021
9. “Understanding and reducing the spread of misinformation online”, ICARE Chile, September 2020
10. “Understanding and reducing the spread of misinformation online”, Behavioral Science Colloquium, UT Austin, September 2020
11. “Fake news: Why we fall for it and what to do about it” Annenberg School of Communications, University of Pennsylvania, October 2019
12. “Understanding and combatting misinformation”, Latin-American Workshop on Experimental and Behavioral Social Science, Universidad de Santiago de Chile, December 2018
13. “Fake News: Who falls for it and what to do about it”, Society for the Advancement of Behavioral Economics 2018, Middlesex University, London July 2018
14. “Cooperation, fast and slow: The social heuristics hypothesis”, Intuition, Reasoning, and Prosocial Behavior SOCRATES Workshop, University of Pisa, Italy February 2017
15. “Cooperation, fast and slow: Intuitive social heuristics and self-interested deliberation”, Deliberative and non-Deliberative Choices and Public Policy Conference, Bar Ilan University, Israel December 2016
16. “Intuitive social heuristics and deliberative self-interest”, *Is Sin Original?* symposium, University of Amsterdam May 2016
17. “Human cooperation”, Human Computation & Crowdsourcing (HCOMP), San Diego CA November 2015
18. “Habits of virtue and the Social Heuristics Hypothesis”, International Conference on Social Dilemmas, Hong Kong, June 2015
19. “Habits of virtue and norms of prosociality”, Behavioral Ethics Conference, University of Central Florida, Orlando FL, Feb 2014
20. “Constructing and living in a cooperative world”, International Symposium on Economics in a Complex World: Networks and Agents, Madrid Spain September 2012

### *Invited talks*

1. “How Polarization Can Help Solve the Misinformation Problem”, UC Berkeley School of Information, November 2022
2. “How Polarization Can Help Solve the Misinformation Problem”, George Mason University, November 2022
3. “How Polarization Can Help Solve the Misinformation Problem”, Santa Fe Institute, November 2022
4. “The Psychology of Fake News”, P/E Investments, September 2022

5. "How Polarization Can Help Solve the Misinformation Problem", Operations, Information and Decisions Department, Wharton, November 2022
6. "Why people believe and share misinformation and "fake news"", Addressing Inaccurate and Misleading Information about Biological Threats Workshop 2, U.S. National Academies of Sciences, Engineering, and Medicine, June 2022
7. "Harnessing the Wisdom of Crowds to Identify Misinformation at Scale", Poynter Global Fact-checking Summit, Oslo Norway, June 2022
8. "Understanding and Reducing Online Misinformation Across 16 Countries on Six Continents", NYU Center for Social Media and Politics, June 2022
9. "Understanding and Reducing Online Misinformation Across 16 Countries on Six Continents", Management & Organizations Department, Kellogg, June 2022
10. "Understanding and Reducing Online Misinformation Across 16 Countries on Six Continents", Invited panel at CogSci 2022, June 2022
11. "Understanding and Reducing Online Misinformation Across 16 Countries on Six Continents", London School of Economics, April 2022
12. "Favorite Shortcuts for our Brains: Cognitive Aspects of Information Consumption", IREX Webinar for Media Literacy in the Baltics, April 2022
13. "Understanding and reducing online misinformation", Airbnb Data Science Learning Lunch, April 2022
14. "Understanding and Reducing COVID-19 Misinformation", Roundtable on COVID-19 misinformation with US Surgeon General Dr. Vivek Murthy, Northeastern University, April 2022
15. "Understanding and Reducing Online Misinformation Across 16 Countries on Six Continents", Virtual experimental economics seminar, Middlebury Experimental Economics Lab, April 2022
16. "Why people believe and share misinformation and "fake news"", Addressing Inaccurate and Misleading Information about Biological Threats Workshop 1, U.S. National Academies of Sciences, Engineering, and Medicine, April 2022
17. Intervention Science: Harnessing Psychology to Address Real-World Social Problems Preconference, Society for Personality and Social Psychology meeting, February 2022
18. "The psychology of misinformation", Counter Disinformation Webinar, Shorenstein Center, Harvard University, January 2022
19. "Understanding and Reducing Online Misinformation Across 16 Countries on Six Continents", Penn Center for Social Norms & Behavioral Dynamics, January 2022
20. "Understanding and reducing misinformation online", All Party Parliamentary Group on Artificial Intelligence UK - Evidence Meeting on Cybersecurity and Regulation, November 2021
21. "Understanding and reducing misinformation online", T-TRIPODS institute, Tufts University, November 2021
22. "Understanding and reducing misinformation online", Experimental Economics Center, Georgia State University, November 2021
23. "Understanding and reducing misinformation online", Social Psychology and Center for Law & Social Science, University of Southern California, November 2021
24. "Understanding and reducing misinformation online", Max Planck Institute for Human Development, Berlin, Germany, October 2021
25. "Understanding and reducing misinformation online", Center for Security Research and Education, Pennsylvania State University, October 2021
26. "Understanding and reducing misinformation online", Marketing Group, Hass School of Business, University of California, Berkeley, September 2021
27. "Social media field experiments", American Marketing Association conference, August 2021
28. "Understanding and reducing the spread of misinformation online", Behavioral Insights Global Behavioral Insights Seminar Series, June 2021
29. "Understanding and reducing the spread of misinformation online", American Meteorological Society Washington Forum, April 2021
30. "Understanding and reducing the spread of misinformation online", Workshop on Misinformation Integrity in Social Networks, The Web conference, April 2021
31. "Understanding and reducing the spread of misinformation online", Institute for Advanced Study, Toulouse France, March 2021
32. "Fighting COVID-19 misinformation on social media", Consortium of Universities for Global Health, March 2021

33. "Understanding and reducing the spread of misinformation online", Society for Personality and Social Psychology, Evolutionary Psychology pre-conference, February 2021
34. "Social media field experiments investigating misinformation and polarization", Wharton Marketing Camp, Marketing Department, Wharton School, University of Pennsylvania, February 2021
35. "Understanding and reducing the spread of misinformation online", Max Plank Institute, Bonn Germany, November 2020
36. "Understanding and reducing the spread of misinformation online", University of Pennsylvania, November 2020
37. "Understanding and reducing the spread of misinformation online", Marketing group, Johns Hopkins Carey Business School, September 2020
38. "Understanding and reducing the spread of misinformation online", Stanford Cyber Policy Center, July 2020
39. "Understanding and reducing the spread of misinformation online", Institute for the Digital Economy conference, MIT May 2020
40. "Understanding and reducing the spread of misinformation online", TikTok, April 2020
41. "Understanding and reducing the spread of misinformation online", Exploring Media Ecosystems Conference, MIT, March 2020
42. "Understanding and reducing the spread of misinformation online", Twitter, February 2020
43. "Understanding and reducing the spread of misinformation online", Harvard Kennedy School, February 2020
44. "Understanding and reducing the spread of misinformation online", Harvard Business School, December 2019
45. "Fake news: Why we fall for it and what to do about it", Harvard Kennedy School, April 2019
46. "Fake news: Why we fall for it and what to do about it", Department of Brain and Cognitive Sciences, MIT, April 2019
47. "Fake news: Why we fall for it and what to do about it", Naveen Jindal School of Management, UT Dallas, March 2019
48. "Fake news: Why we fall for it and what to do about it", Anderson School of Management, UCLA, March 2019
49. "Fake news: Why we fall for it and what to do about it", Psychology Department, Stanford University, February 2019
50. "Fake news: Why we fall for it and what to do about it", Interdisciplinary Network Research Group, Dartmouth College, January 2019
51. "Fake news: Who falls for it and what to do about it", Psychology Department, University of Washington, November 2018
52. "Fake news: Who falls for it and what to do about it", Information Systems group, Questrom School of Business, Boston University, October 2018
53. "Fake news: Who falls for it and what to do about it", Northeast Marketing Consortium 2018, Harvard Business School, September 2018
54. "Fake news: Who falls for it and what to do about it", Psychology Department, Northeastern University, September 2018
55. "How you can help combat fake news", TEDx Cambridge Salon, August 2018
56. "Fake news: Who falls for it and what to do about it" Cognitive Science (CogSci), Madison WI, July 2018
57. "Fake news: Who falls for it and what to do about it" Disinformation Online conference, Columbia University, July 2018
58. "Promoting cooperation and fighting fake news", Behavior Change Knowledge Network, Her Majesty's Treasury, London July 2018
59. "The cognitive science of fake news", Facebook HQ, April 2018
60. "The cognitive science of fake news", NYU Social Psychology seminar, April 2018
61. "The cognitive science of fake news", Social Media and Democracy, Stanford University, April 2018
62. "The cognitive science of fake news", Exploring Media Ecosystems conference, MIT Media Lab, March 2018
63. "Understanding and combating fake news," PSP Pre-Conference, American Association of Publishers, Washington DC, February 2018
64. "Understanding and combating fake news," Cognitive Science Colloquium, University of Connecticut, November 2017
65. "Understanding and combating fake news," Yale Institute for Network Science, October 2017
66. "Cooperation, fast and slow: Intuitive social heuristics and self-interested deliberation", Department of Experimental Psychology, University College London, UK December 2016

67. "Cooperation, fast and slow: Intuitive social heuristics and self-interested deliberation", Psychology and Behavioral Science Colloquium, London School of Economics, UK December 2016
68. "Cooperation, fast and slow: Intuitive social heuristics and self-interested deliberation", Cognitive Science Colloquium, University of Maryland, College Park MD November 2016
69. "Cooperation, fast and slow: Intuitive social heuristics and self-interested deliberation", Psychology Department, Cornell University, Ithaca NY October 2016
70. "Cooperation, fast and slow: Meta-analytic evidence for a theory of social heuristics and self-interested deliberation", Arison School of Business, Israel July 2016
71. "Cooperation, fast and slow: Meta-analytic evidence for a theory of social heuristics and self-interested deliberation", King's College, London UK June 2016
72. "Cooperation, fast and slow: Meta-analytic evidence for a theory of social heuristics and self-interested deliberation", Middlesex College, London UK June 2016
73. "The cognitive underpinnings of human cooperation", Brain & Cognitive Sciences, MIT, Cambridge MA May 2016
74. "Intuition, deliberation, and human cooperation", Positive Psychology Center, University of Pennsylvania, Philadelphia PA April 2016
75. "Human cooperation", Inspiring Yale, Yale University, New Haven CT March 2016
76. "Human cooperation", Environmental Economics Seminar, Yale University, New Haven CT February 2016
77. "Intuition, deliberation, and human cooperation", Marketing Seminar, Sloan School, MIT, Cambridge MA February 2016
78. "Evolution of intuitive cooperation and rational self-interest", CLIPS, Brown University September 2015
79. "Fostering purposeful prosociality", New Paths to Purpose capstone meeting, Booth School of Business, University of Chicago June 2015
80. "Habits of virtue & social heuristics; Or, where do social preferences come from?", Social Dilemmas Conference, Brown University, Providence RI May 2015
81. "Habits of virtue and the role of social heuristics in human cooperation", Organization Studies Seminar, Sloan School, MIT, Cambridge MA April 2015
82. "Habits of virtue and the role of social heuristics in human cooperation", Marketing Seminar, Sloan School, MIT, Cambridge MA April 2015
83. "Habits of virtue and social heuristics: Where do social preferences come from?" Organizational Economics Working Group, National Bureau of Economic Research, Cambridge MA April 2015
84. "Intuitive prosociality", Motivation and Emotion Science Symposium, Private SPSP Preconference February 2015
85. "Human cooperation", Social Psychology Brown Bag, UMass Amherst February 2015
86. "Social heuristics: The role of intuition in cooperation & punishment", Conference on Cognitive Control and Social Decision Making, Toulouse School of Economics, France, January 2015
87. "Social heuristics: Intuition versus deliberation & cooperation", Cognition and Perception Seminar, New York University, November 2014
88. "Human cooperation", Oxford University Press PsychTalk, November 2014
89. "Human cooperation", Behavioral Economics and Philanthropy Conference, Harvard Kennedy School, November 2014
90. "Automatic social prospection", Prospection in Social Life Conference, Barcelona Spain, October 2014
91. "Promoting human cooperation and building habits of virtue", Decision Processes Colloquium, Wharton School, University of Pennsylvania, September 2014
92. "Harnessing network effects to promote human cooperation", Yale Institute for Network Science, September 2014
93. "Social heuristics and habits of virtue: the roles of intuition and deliberation in prosociality", New Frontiers in Behavioral and Experimental Economics Workshop, Zurich, August 2014
94. "Institutions and Purpose: How Rules 'Crowd In' or 'Crowd Out' Purposeful Prosociality", Booth School of Business, University of Chicago, June 2014
95. "Cooperation on social networks", Invited Symposium, Association for Psychological Science, Berkeley CA, May 2014
96. "Spontaneous giving and calculated greed: the automatic psychology of cooperation", Psychology Department Colloquium, Smith College, April 2014
97. "Strategies used in noisy repeated games: experimental evidence", Economics Micro Theory Lunch, Yale University, March 2014

98. “Intuitive cooperation and habits of virtue”, Moral Philosophy Workshop, Yale University, Feb 2014
99. “Slow to anger and fast to forgive: cooperation in an uncertain world”, Cooperation and Competition Pre-conference, SPSP, Austin TX, Feb 2014
100. “Intuitive cooperation and habits of virtue”, NIH Intramural Research Program, Bethesda MD, Jan 2014
101. “Habits of virtue and norms of prosociality”, Compassion Research Day, Facebook HQ, December 2013
102. “Habits of virtue: Creating norms of cooperation and defection in the laboratory”, Economics/Strategy Seminar, Rady School of Management, UC San Diego, November 2013
103. “Intuitive Cooperation and Habits of Virtue”, Behavioral & Cognitive Neuroscience Seminar, Columbia University, October 2013
104. “Intuitive Cooperation and the Social Heuristics Hypothesis”, Affective Brain Lab, University College London, October 2013
105. “Why we cooperate”, Social Cognition Brownbag, Brown University, October 2013
106. “Understanding human social behavior via data generation”, Day of Data, Yale University, September 2013
107. “Why we cooperate”, Social Psychology Seminar, Yale University, September 2013
108. “Habits of virtue: Creating norms of cooperation and defection in the laboratory”, Workshop on Experimental Game Theory, Stony Brook NY, July 2013
109. “Engineering cultures of cooperation”, Strategy Research Initiative, Columbia Business School, June 2013
110. “Institutions build intuitions: Evolving cultures of cooperation and defection in the laboratory”, Behavioral and Experimental Economics Seminar, Department of Economics, Harvard University, April 2013
111. “Designing and living in a cooperative world”, Learning Innovations Laboratory, Harvard Graduate School of Education, March 2013
112. “Spontaneous giving and calculated greed”, Department of Psychology, New York University, March 2013
113. “Spontaneous giving and calculated greed”, Media Lab, Massachusetts Institute of Technology, March 2013
114. “Spontaneous giving and calculated greed”, Department of Psychology, Northeastern University, February 2013
115. “Spontaneous giving and calculated greed”, Center for Collective Intelligence, Massachusetts Institute of Technology, February 2013
116. “Creating & destroying norms of cooperation in the lab”, Biological Anthropology, Yale University, February 2013
117. “Spontaneous giving and calculated greed”, Evolution of Religion, Cooperation and Morality thematic series, University of British Columbia, November 2012
118. “Designing and living in a cooperative world”, PopTech Conference, Camden ME, October 2012
- [PopTech Science Fellow]**
119. “Cooperation and norm enforcement across cultures”, European Policies from a Behavioral Economics Perspective, European Commission Joint Research Centre, Ispra Italy, September 2012
120. “Constructing and living in a cooperative world”, Management Leadership and Decision Sciences seminar, Kennedy School of Government, Harvard University, February 2012
121. “Constructing and living in a cooperative world”, Department of Psychology, Harvard University, January 2012
122. “Cooperation in an uncertain world”, Social and Decision Sciences, Carnegie Mellon University, January 2012
123. “Constructing and living in a cooperative world”, Department of Psychology, Princeton University, January 2012
124. “Constructing and living in a cooperative world”, Negotiation Organizations and Markets seminar, Harvard Business School, January 2012
125. “Constructing and living in a cooperative world”, Kellogg School of Management, Northwestern University, January 2012
126. “Cooperation in an uncertain world”, Booth School of Business, University of Chicago, January 2012
127. “Constructing and living in a cooperative world”, Department of Psychology, Yale University, December 2011
128. “Constructing and living in a cooperative world”, School of Management, Yale University, December 2011

129. "The evolution of antisocial punishment", The Foundations of Moral Preferences, Centre for the Study of Mind in Nature, University of Oslo, November 2011
130. "Reward, punishment, and the maintenance of large-scale cooperation", Center for Human Science, Chapel Hill NC, October 2011
131. "Reward, punishment and the evolution of cooperation", Virtual Brownbag webinar series on culture, conflict, and collaboration, hosted by Department of Psychology, University of Maryland, Oct 2011
132. "Cooperation and spite: an evolutionary game theoretic perspective", Psychology Department, Princeton University, September 2011
133. "Punishment, spite and the evolution of cooperation", Complex Systems Seminar, Northwestern University, September 2011
134. "How online labor markets are revolutionizing innovation and discovery in the social sciences", Innovation and Economic Growth: Exploring the Origins and Effects of Innovative Behavior, Gruter Institute for Law, Brain and Behavior, Squaw Valley, May 2011
135. "The personal is political: private interactions can support public goods", Law and Human Behavior, Gruter Institute for Law, Brain and Behavior, Squaw Valley, May 2011
136. "Slow to anger and fast to forgive: cooperation in an uncertain world", Max Plank Institute for Research on Collective Goods, April 2011
137. "The evolutionary dynamics of human cooperation", Applied Mathematics Colloquium, Massachusetts Institute of Technology, March 2011
138. "Reward, punishment and the evolution of human cooperation", New England Complex Systems Institute / MIT Engineering Systems Division Seminar, Massachusetts Institute of Technology, March 2011
139. "Reward, punishment and the evolution of cooperation", Coping with Crises in Complex Socio-Economic Systems Seminar, ETH Zurich, March 2011
140. "Reward, punishment and the evolution of cooperation", Human Evolutionary Biology department colloquium, Harvard University, November 2010
141. "Reward, punishment and public goods", Experimental Economics Seminar, George Mason University, November 2010
142. "Slow to anger and fast to forgive: cooperation in an uncertain world", Behavioral and Experimental Economics Seminar, Harvard University, November 2010
143. "The online laboratory: taking experimental social science onto the internet", Berkman Center for Internet & Society Luncheon Series, Harvard University
144. "The evolution of anti-social punishment", The Nature of Preferences and Decision-Making, The Tinbergen Institute, University of Amsterdam, September 2010
145. "Reward, punishment and the evolution of cooperation", Department of Complex Systems Seminar, University of Michigan, September 2010
146. "A genetic basis of serial entrepreneurship", Innovation and Economic Growth, Lake Tahoe NV, May 2010
147. "Slow to anger and fast to forget: leniency and forgiveness in an uncertain word", Law, Behavior and the Brain, Gruter Institute for Law and Behavioral Research, Lake Tahoe NV, May 2010
148. "The evolution of cooperation, and what it can teach us about mortality", Moral Biology Conference, Harvard Law School, April 2010
149. "Reward, punishment and the provisioning of public goods", Critical Perspectives on Law and Economics Seminar, University of Minnesota Law School, March 2010
150. "Winners don't punish", Department of Mathematics Seminar, Wilfrid Laurier University, Waterloo Canada, March 2010
151. "Human cooperation, an evolutionary perspective", Behavioral Economics & Decision Research Seminar, Cornell University, February 2010
152. "The evolutionary dynamics of altruistic cooperation", Applied Mathematics Colloquium, Cornell University, February 2010
153. "Rewards outperform punishment for promoting public cooperation", Museum of Comparative Zoology Lunch Series, Harvard University, October 2009
154. "Winners don't punish", International Symposium on Complex Networks and Evolutionary Dynamics, Xidian University, Xi'an, China, October 2009
155. "Winners don't punish", Conference on Evolutionary Dynamics, Peking University, Beijing, Oct 2009
156. "When can genetics teach us about human behavior, and do we really want to know?", Science Friends-of-O'Reilly Camp, Google, Mountain View CA, July 2009

157. “In-group bias and the evolution of cooperation”, Law, Behavior and the Brain, Gruter Institute for Law and Behavioral Research, Lake Tahoe NV, May 2009
158. “Anti-social punishment and the evolution of cooperation”, Plants and the evolution of cooperation and trading, Harvard Plant Biology Symposium, Cambridge MA, May 2009
159. “When do nice guys really finish first?” International Society for Performance Improvement, Orlando FL, April 2009 [**Funded guest speaker**] - Average rating by participants 4.8/5
160. “Winners don’t punish”, Mind Brain and Behavior Seminar, Harvard University, November 2008
161. “Modeling the evolution of cooperation”, Modeling Social Behavior, National Institutes of Health, Bethesda MD, November 2008
162. “Winners don’t punish”, Japanese Society for Mathematical Biology, Kyoto University, Kyoto, Japan, September 2008
163. “Winners don’t punish”, 12th Experimental Social Sciences Conference, Tokyo Institute of Technology, Ookayama, Japan, September 2008
164. “Winners don’t punish”, Law Behavior and the Brain, Gruter Institute for Law and Behavioral Research, Lake Tahoe NV, May 2008
165. “Altruism, Cooperation and Evolution”, Boston Museum of Science, November 2007
166. “Punishment and cooperation in the Prisoner’s Dilemma”, Research Opportunities in Mathematical Evolution Colloquium, Harvard University, March 2007

### *Conference talks*

1. “Understanding and Reducing Online Misinformation Across 16 Countries on Six Continents”, Society for Judgment and Decision-Making, February 2022
2. “Shared partisanship dramatically increases social tie formation”, Society for Judgment and Decision-Making, February 2022
3. “Reducing the spread of news we (should) know is false”, Academy of Management, Boston, August 2019
4. “Combatting fake news”, Society for Judgment and Decision-Making, New Orleans LA, November 2018
5. “Misinformation: Who falls for it and how to fight it”, SESP, Seattle WA, October 2018
6. “Fake news: Who falls for it and what to do about it”, Politics and Computational Social Science pre-conference, Boston MA, August 2018
7. “Cooperation, fast and slow: Intuitive social heuristics and self-interested deliberation”, Society for Judgment and Decision-Making, Boston MA, November 2016
8. “Social heuristics and habits of virtue”, Association for Psychological Science, New York NY, May 2015
9. “The Evolution of Intuitive Cooperation”, Society for Personality and Social Psychology, Long Beach CA, Feb 2015
10. “Habits of Virtue: Creating Norms of Cooperation and Defection in the Laboratory”, Society for Personality and Social Psychology, Austin TX, Feb 2014
11. “Institutions build intuitions: Evolving cultures of cooperation and defection in the laboratory”, Society for Experimental Social Psychology, UC Berkeley, September 2013
12. “Spontaneous giving and calculated greed”, Society for Personality and Social Psychology 2013, New Orleans, January 2013
13. “Reward, punishment, and the maintenance of large-scale cooperation”, Society of Experimental Social Psychology, Washington DC, October 2011
14. “Slow to anger and fast to forgive: cooperation in an uncertain world”, Economic Science Association International Meeting 2011, University of Chicago, July 2011
15. “Noise, heterogeneity and the evolution of human cooperation”, Eighth International Conference on Complex Systems, Boston, June 2011
16. “Reward and punishment in repeated games: experimental evidence”, 14th International Symposium on Dynamic Games and Applications, Banff Canada, June 2010 [Best Student Presentation Award winner]
17. “The evolution of anti-social punishment”, 14th International Symposium on Dynamic Games and Applications, Banff Canada, June 2010
18. Eastern Regional Photosynthesis Conference, Woods Hole MA, April 2004
19. Eastern Regional Photosynthesis Conference, Woods Hole MA, April 2003
