

## MBAn Approved Electives

15.073[J]	Logistical and Transportation Planning Methods	12
15.084[J]	Nonlinear Optimization	12
15.094[J]	Robust Modeling, Optimization, and Computation	12
15.376	Media Ventures	9
15.377[J]	Linked Data Ventures	12
15.439	Investment Management	9
15.450	Analytics of Finance	12
15.487	Algorithmic Trading and Quantitative Investment Strategies	9
15.571	Enterprise Transformations in the Digital Economy	9
15.761	Introduction to Operations Management	9
15.762[J]	Supply Chain Planning (H1)	6
15.763[J]	Manufacturing System and Supply Chain Design (H2)	6
15.764[J]	The Theory of Operations Management	12
15.810	Marketing Management	9
15.828	Product Management	9
15.841	SSIM: Marketing Analytics (H2)	6
15.847	Consumer Behavior (H2)	9
15.871	Introduction to System Dynamics (H1)	6
15.910	Innovation Strategy (H1)	6
15.S74	SSIM: Strategies for People Analytics (H2)	6
6.268	Network Science and Models	12
6.853	Topics on Algorithmic Game Theory and Data Science	12
6.862	Applied Machine Learning	12
18.0651	Matrix Methods in Data Analytics, Signal Processing and Machine Learning	12

### HARVARD COURSES:

STAT 139/149: Statistical Sleuthing through Generalized Linear Models

APMTH 120: Applied Linear Algebra and Big Data

APMTH 207: Advanced Scientific Computing

HPM 232: Operations Management in Service Delivery Organizations
